PRODUCT DESCRIPTION

Decorative flush mount fixture with a contemporary, sculptural design, crafted from steel with an elegant chrome finish and pure alabaster rings that provide a soft, diffused glow. The natural veining of the alabaster adds a refined, organic character to each piece, enhancing its premium appeal.

A distinctive feature of this design is the visual effect created by the chrome canopy: the alabaster loops are reflected on its surface, generating the illusion of a continuous illuminated ring. This subtle reflection adds depth and sophistication, creating a striking yet elegant focal point.
